Request for working capital release payment on federal funds to be used when needed in the program phase.

Cash advance reporting of disbursement system of reconciliation for FLDOE Bureau Of comptroller used in plan Phase of Program and capital Outlay of FY_ construction of state required educational facilities.

Establish the Project Budget Narrative The first Transition Phase Is The Program Plan which is for an eighteen month in which the initial school is started to build a Administration. Start classes and see recruitment quota and the proper amendments of change to facilitate the apprenticeship program . Produce annual statement of funds. Notice which parts of the plan failed or succeed. Plan Program implementation. Make use of Scheduled funds to the amount of the Plan Phase Phase I twelve Months DI FNCL 81789 and 81831Phase 2 twelve months.

If Making American Locomotives Again partnership with the DOL follow regulations and policy. Provide proper support for apprenticeships to ensure completion rates. Make sure of a Sponsored mentor Protege' program for adequate supervise the apprentices by journey workers. Ensure Safety Certification teaching to work safely and healthy. Provide Quarterly Reports for data, reports, and evaluations of the apprenticeship. File reports on specified time schedule of all required apportions that deal with the apprenticeship. TRAX or AMTRAK to collect and guarantee office of management and budget reports and evaluations. Ensure sub-recipients have adequate competence to finish reports.

The Florida State Division of State Human Resource Management establishes the policies, practices and strategies for the State Personnel System (SPS) and does not maintain any individuals' personnel data information. Employer letters can be made by an employee or they enable a third party through People First Service Center. For salary and employment verification for on employees and continuing hiring dates. A Commitment to Florida Department of Education with Registered Apprentices Programs in Employer Sponsor Agreement.

It in can help establish regional, local apprenticeship halls. With Contractual Statement of works In Civil Human Resource Agency, Army Contractor Manpower Resources, Agency and Navy Contractor Manpower Resource Agency , policies and database. An Ancillary plant, can be as separate campus out of A list of Private Sector Railroads or Depot.,

US. Bureau of Labor Statisc for Railroad Workers in United States in 2020 employed

74,600 with a job outlook of 5%. Railroad workers occupations included railcar switchers, railroad engineers, railroad firers, and railroad brake operators. Railcar mechanics, in 2020, employed 220,800 and job outlook of 11%.

MILESTONE 1 LAUNCH OF RAP IN TAMPA BAY,

Short Term Goals provide for local populace, Establish Staffing, Boards, and Committies. Dealing with Human Resouce Department for servicing and registering, filling apprenticeship program with proper state and national agencies. Network and Consortment with Department of Education and Department of Labor. Establish a Location for Apprenticeship Hall according to FL State Requirements for Educational facilities. Launch Registered Apprenticeship Program in Tampa Bay.

MILESTONE 2: FUFILLMENT OF REQUIRED DUTIES

Mid Term Goals: Conduct a Risk Review Procedures outlined my Office Management and Budget. Perform Quaterly Reports and Audit requirements of the Uniform Grant Guidance. Perform a Quality assessment of Apprentices, Sponsor, Employer agreements and statement of needs. Create Performace checks on the programs statutory, regulatory, other obligated requirements of recipients. Monitor finds with Employment Training Adminstration. Remodernize Financial Sysem Risk Assessment. Leaving room for expansion in other regions, and pre-apprenticeships.

MILESTONE 3 EXPANSION TO OTHER BLET DIVISION WITHIN THE STATE OF FLORIDA

Long Term Goals: Develop a Apprenticeship Program indigenous to Locomotives and Railroad Careers

Provide Essential Service to Brotherhood of Locomotive Engineers and Trainmen viable to railroad industry market and economy. Follow all codes, regulations, rules, pratices of the law for operation and institution with democratic practices. Provide employers with hghly skilled graduates in the industry.

Review Past Peformance Quaterly Reports from the Launch/Start date with Financail Risk Assement with proof of financial statements, examine the results. Facet, other aprenticeship with a module criteria for start up, perfomance and creation.

Outcome: Produce a American Apprenticeship the can teach two platoons or 60 apprentices a year for the required 300 outcome in 5 years of after program initiation. Certifying conductor's and training railroad workers with a accredited Federal Railroad Adminstration programs. Serving Tampa Bay .metropolitan area with a population of 3,175,275 people by the 2020 U.S. Census. Upon, awardment enrollment will begin with the first Quaterly Reports.

With the approval of this application it will create a new apprenticeship program, in railroad industry. Given the floor level of one million dollars should. suffice for 5 year period. Meeting the needs of all apprenticeship goals and requierments of U.S.

Department of Labor, with Employment, Training Administration. Upon awardment this will be the first Railroad Apprenticeship in Florida or even the United States. Even with the Floor Award it would be still seem feasible to expand or create other apprenticeship halls in other Brotherhood of Locomotive Engineers and Trainmen prospecting by their own divisions and bylaws of state, regional, and local laws being in Florida for this applications sake.

President Dennis Pierce would be the national sponsor. President Ed McFail the Regional Sponsor. They are point of contact for affirmation of compliance with Registered Apprenticeship-College Consortium principals and criteria as national and regional sponsors for all or multiple training centers.

Stakeholders Appointed Committees, BLET Division 216 Board members having the say who can enroll, and grounds Debarment and Suspension. Employers affiliated with the Apprenticeship program may receive incentive funding. There may be a few hired positions to handle administration and financial aiding in technical assistance as result of funding.

With the Brotherhood of Locomotive Engineers and Trainmen could then replicate the Apprenticeship Building America campaign/application into of Local Divisions nationwide. Establishing regional or local apprenticeship halls. Acquiring, contractual employer agreements with railroads around the United States. Utilizing, work listings in Civil Human Resource Agency, Army Contractor Manpower Resources Agency and Navy Contractor Manpower agency within policies and database.

Youth programs, such as Railroad Passenger Car Alliance through National Railroad Historical Society become a future host of RailCamp at Florida Railroad Museum. With Brotherhood of Locomotive Engineers and Trainman, for one week each summer, provide Training including mechanical work, train operations, track repair and more. Help Boy Scouts of America earn their Railroading Merit Badge. Work with Operation Lifesaver about the duties, and dangers inherited with railroads and Locomotives.

Provide an Open House at the Local Apprentices Hall for Youth and Adult Career Seekers.

BLET Local participate in secondary and higher Education Career Days. Also, Advertising hiring of new apprenticeship in Brotherhood Locomotive and Engineer's in Newspapers and Circulars. Have BLET Auxiliary Meetings family and youth friendly meetings about Youth Programs and the possibility of creation of subsidiary pre-apprenticeship programs.

As Composer/Writer of this grant application I have generated Microsoft and Google Classroom for such an opportunity. Have missed the deadline for submittal of the American Apprenticeship Grant in 2005. Since it was not delivered, it was not scored. I hoping to fulfill the requirements of American Building Apprenticeship grant announcement. The website is www.chartertoconductor.com its not incorporated or doing business as, created for railfans.

The dream part of this application is to create an hybrid time based apprenticeship for railroad workers. Rent or Leasing Educational Facilities Public secondary or higher insitutions. Providing each region with a classroom, such as, portable computer lab. Some schools need portables for student growth. If a school provides the classroom, it also provides it's adminstrative services. Locate Non-Profit Private Sector Railroads with financial incentive for an OJT Campus. Where apprentices refurbish railroad cars with grant award money otherwised donated. Obtaining employers letters for graduate job turn around.

Upon completion of the program a graduation party with Ringling Brothers Funny Cars(a.k.a. carnival rides).
